

- APPLICABLE TO:
- ☐ Company Admin

☐ Study Manager

☒ CRA

Note: This assumes that the visit report has already been reviewed and rejected and that the comments made by the reviewer need to be addressed by correcting Site Visit information in the CTMS such as updating the site visit checklist responses.

- 1 Open the Visit Report.
- 2 Press **Edit Report** and select **Revise Visit Information**

- 3 Read the message indicating that selecting this option will completely remove all prior manual updates from the document. To continue, press **Regenerate**.

- 4 Return to the site visit. Once the lock icon has been removed, you can begin making the necessary corrections to the visit information.

5 Once you are done making the necessary corrections, return to the visit report area of the site visit and press **Create Visit Report**.
